

## BURLINGTON SPECIAL

Burlington Railroad Will Run Special Train for Baptist Convention at Minneapolis

The Burlington railroad has been selected by the various home and foreign mission societies affiliated with the Baptist church to run a special train for the Northern Baptist convention to be held May 17-24, in Minneapolis.

The Northern Baptist special will be one of the handsomest trains ever assembled, and will carry the most modern equipment, including dynamo baggage car, reclining chair cars, tourist sleeping cars, standard drawing room and compartment sleeping cars, dining cars and a "lounge" car of the latest design. The special will leave Chicago Tuesday, May 16, at 6:30 o'clock in the evening and arrive in Minneapolis the following morning.

Indications are that the convention this year will be largely attended, and the program now being completed is one of exceptional interest to all interested in the work of the various associations. It has been planned that Chicago will be the point of rendezvous for delegates, especially those from the southern and eastern states. Included in the associations to be represented by delegations are the American Baptist Foreign Mission Society, American Baptist Home Mission Society, Women's Baptist Home Mission Society, Women's American Baptist Foreign Mission Society, American Baptist Publishing Society, and the American Baptist Historical Society.

### Spring

Spring is looked upon by many as the most delightful season of the year, but this cannot be said of the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment. Obtainable everywhere. Adv.—April

## Eyestrain Will Affect the Mental and Physical Development of Your Child

Many parents, while particularly careful of their children's health and food, neglect entirely the condition of their eyes! While the children's eyesight may appear normal, often there exists a strain or weakness that seriously affects the health. This condition is aggravated by study and school work and in time will result in serious trouble.

A visit to a competent Optometrist will determine the exact condition, and if any defect exists the trouble can be corrected. We make a specialty of eye troubles and will give expert advice and competent, reliable service.

## EASTER SERVICES AT ALLIANCE CHURCHES

The Churches of Our City to Give Easter Programs—Every Session to Be Appropriate

We are giving this week a detailed writup of the services which are being planned for the different churches of Alliance, suggestive of the Easter season and festivities, and are glad to present this to our readers, feeling that the interest shown on all sides will be a source of gratification to the workers whose efforts make such interesting programs possible.

### Immanuel's Lutheran Church.

Rev. Titus Lang, pastor of Immanuel's Lutheran church, has given us this schedule for the observations of the Easter tide with his people. The services will begin with Good Friday, April 1, held at 10:30 a. m., in memory of the suffering and death of our Lord and Saviour Jesus Christ.

On Easter Sunday, April 23, there will be confessional services at 10 a. m., and festival service in German with sermon and celebration of Holy Communion at 10:30 a. m. The great theme of the sermon and of all the hymns, chants and prayers, will be, "The Lord's Resurrection, his victory over death, the devil, hell and all its host."

The pastor extends to every German a most cordial invitation to attend these services, to celebrate and rejoice together.

### Baptist Church.

At 10 o'clock Sunday morning, the regular session of the Sunday school will be held at the Baptist church, and following this will be an Easter program as follows: Opening hymn, "Coming, Coming, Yes They Are" by the school; scripture reading by Rev. A. A. Layton; an exercise and song, to include (a) Missionary moving pictures—the seven wonders of the world, by Intermediate boys, (b) Little stories in rhyme, Junior girls, (c) Happy Christian children, School; a cross drill with Easter lilies by Junior girls; solo, "Jesus of Nazareth"; Mrs. C. H. Fuller; reading, "First Easter Message"; song, "We've a Story to Tell the Nation," by school; announcements and offering, and closing with an address by Rev. Layton, pastor.

### Methodist Church.

Celebrations of Easter Sunday will begin with a half-hour sunrise prayer meeting conducted by the Epworth League.

At 10 a. m. Prof. Pate will assemble the Sunday school, at which there will be good music. At this session every Sunday school member will be privileged to bring one egg, or more, and these collected are to go to the Methodist hospital in Omaha. We understand that Prof. Pate is to tell why we eat eggs on Easter, and undoubtedly all will be interested in this item as well as the other sessions of the day.

At 11 a. m. an Easter program will be given, followed by the baptism of children, reception of members and a general church rally.

The evening service will consist of a concert by the choir.

Every one without a church home or otherwise inclined will be heartily welcomed to these services, and a profitable day is anticipated.

### St. Matthew's Church.

The Rev. William Carson Shaw, dean, will hold services at St. Matthew's church on Good Friday, April 21. The litany, penitential office, will be at 10 a. m. on Friday, and evening prayer and sermon will be at 8 o'clock.

On Easter Sunday, April 23, Holy Communion will be given at 7:30 a. m., and again at 11 a. m. A children's service will be held at 3:30 in the afternoon. Evening prayer at 7:30. The Dean will preach at the 11 o'clock and 7:30 services Sunday, and the Easter message which he will proclaim will no doubt be an uplift to his hearers.

# JUMP FROM BED IN MORNING AND DRINK HOT WATER

Open sluices of system each morning and wash away the poisonous, stagnant matter, says authority.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank each morning before breakfast, keeps us looking and feeling fit.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and puri-

fying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost but little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.
